Year 9 MP3 Player Homework Task 1

Design a “How to Solder Safely” leaflet, aimed at year 9 pupils. You must include:

- Step by Step instructions how to solder effectively.
 - Equipment required.
 - Safety precautions.
- Diagrams to aid the instructions.
 - Top Tips.

Plan your leaflet in the boxes provided:

Success Criteria

An after school detention will be issued if you fail to complete or produce poor quality homework. If you need materials/equipment to complete the homework you MUST discuss this with your teacher and parents before the hand in date.

Please check you have completed the following before handing in your homework.

Have you completed the following?

- 1. Discussed the homework with your parents?*
- 2. Plan the layout of your leaflet into sections and steps?*
- 3. Remembered to add Equipment and Safety precautions?*
- 5. Written in your neatest handwriting?*
- 6. Check your work for grammatical / spelling errors?*
